AMERICAN SOAP DISPENSER

Lather-Type Liquid Soap Dispenser

Each Push of soap valve dispenses a measured amount of rich, creamy lather. No wasted soap! Will not leak as soap must be pumped. Uses any grade of 10% to 20% liquid soap.

All metal moving parts

are of 18-8 stainless steel for years of trouble-free service. A whisk of a damp cloth keeps the high-polish chrome plated case factory new. Viewing slots allows instant check on soap supply. Fills from top with service key. Has separate well plate. Capacity 12 ozs. 6" high and 3 3/16" round at top, 6 1/8" wall to spout.

No. 0352 LATHURN.....

Rugged 40-oz. Tank Type Soap Dispenser

Recommended for troublesome areas, where vandalism and breakage are problems. Has locked filler-cap, view level indicator and separate wall plate. Soap tank & valve constructed of 18-8 stainless steel. Each push of valve dispenses a measured amount of rich, creamy lather. No wasteful continuous flow. 4 3/4" wide, 8 1/4" high, 5 1/2" wall to button.

No. 0343A LATHURN
VNS#AS002

"Basin Type" Soap Dispenser

Installs through 1" hole in wash-stand. Each depression of plunger discharges a measured amount of rich, creamy lather without a wasteful continuous flow. Piston and spout are 18-8 stainless steel. Housing is polished chrome-plated brass. Piston unlocks with special wrench for filling from TOP. Has 16-oz. polyethylene globe and 4" long spout. 4" shank fits any basin.

No. 0332 VNS#AS003

Hospital-Type Soap Dispenser

Dispenses aseptic solution, surgical-type synthetics and other liquid soaps. Each stroke of valve delivers a measured amount. Body is polished chrome-plated brass. 1/2 quart Polyethylene Globe unscrews for filling. Has separate wall plate. 6 1/2" high, 5 1/8" wall to button.
